ECO CLEAR DECAL

Trouble-free installation of graphics on glass surfaces. Utilizes a low tack hybrid adhesive technology that creates a strong bond in both high and low temperatures without leaving residue behind. This adhesion technology also eliminates bubbling and is unaffected by moisture. The film is ideal for high quality decals, signage and retail window advertising. **PVC-free, 100% recyclable where facility exist**, and resistant to both wear and tear and water.

Eco Clear is an optically clear PET film with hybrid adhesive technology that is protected by a clear, 1 side siliconized release liner. Eco Clear can be repositioned and re-applied multiple times, and removes cleanly up to 3 years after installation.
