ECO LITE BOARD RIGID

A **100% recyclable** rigid media board that offers superior performance over most traditional foam board options as well as high-quality printability. Can be formed into many shapes and custom sizes to create exciting, eye-catching point-of-purchase (POP) retail displays. It can also be used for interior signage, exhibits, framing, mounting and more. Suitable for the most demanding of graphic display requirements due to its high rigidity and dimensional stability.

It is made from renewable materials and approved for the **Sustainable Forestry Initiative® (SFI) Certified Sourcing label**. They help address local and global sustainability challenges and advance sustainability through forest-focused collaboration.
